## Instructions

Spread a cloth on the floor to avoid damaging the floor when you assemble the speakers.

- 1** Insert the post (C) so that the slot on the lower post aligns with the projection of the base (B), then secure the post with the ring (F).
- 2** Fold the speaker cord (A) and twist it together. Then, draw the speaker cord through the bottom hole in the base (B).  
Use the speaker cords as follows:  
- Surround left speaker (L): Blue  
- Surround right speaker (R): Gray
- 3** Thread the speaker cord (A) through the hole on the bottom of the speaker (D) and out the hole on the rear of the speaker.
- 4** Insert the post (C) into the hole on the bottom of the speaker (D) so that the screw on the top of the post faces the front of the speaker.  
Be careful not to pinch the speaker cord between the speaker and the post.
- 5** Secure the post (C) with the screws (E).
- 6** Connect the speaker cord (A).
- 7** Remove any bends in the speaker cord by gently pulling it from below the base (B).
