

### Inserting a SIM Card

- Make sure all the cables are unplugged from your tablet device, and then shut down the tablet device.
- Make sure there are no protrusions on the cutting surface after detaching the SIM card from its plastic package.

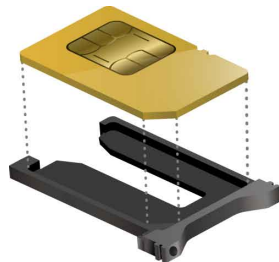

**SONY**<sup>®</sup>

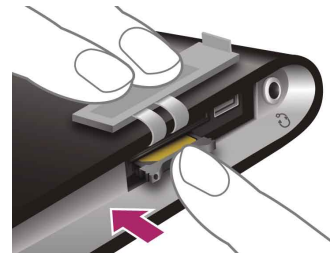

Insert a pin or paper clip (not supplied) into the SIM card eject hole.

Eject the SIM tray.

Place a SIM card on the SIM tray so that the cutout of the SIM card fits that of the SIM tray.

Insert the SIM tray.
