

Sound Bar  
Startup Guide

HT-CT380/CT381/CT780

Supplied accessories

1 Connecting

Connecting with a TV

- A Optical digital cable (supplied)
- B HDMI cable (High Speed type, not supplied)

If the TV is not equipped with an optical audio output jack, connect an HDMI cable B (High Speed type, not supplied) to the HDMI input jack with "ARC" printed on it. If the HDMI input jack with "ARC" printed on it of the TV is connected with another device, disconnect that device from the TV and connect it to an HDMI IN jack (HDMI IN 1/2/3) on the Bar Speaker.

**Tip** (HT-CT780 only)  
• To enjoy copyright-protected 4K content, connect the HDCP 2.2-compatible HDMI jack. For details, refer to "Viewing Copyright-protected 4K Content" in the supplied Operating Instructions.

**Note**  
• When you use an HDMI cable only, connect it to the HDMI jack with "ARC" printed on it on both the TV and the Bar Speaker. Otherwise, TV sound is not output.

Connecting with other devices

- A Optical digital cable (supplied)
- B HDMI cable (High Speed type, not supplied)
- C HDMI cable (High Speed type, not supplied)

This is a connection for enjoying surround sound more effectively. If the HDMI input jack on the TV does not have "ARC" printed on it, connect the optical digital cable A in addition to an HDMI cable B (High Speed type, not supplied). If other devices are connected to the TV, disconnect their HDMI cables C (High Speed type, not supplied) from the HDMI input jacks on the TV and connect them to the HDMI IN jacks (HDMI IN 1/2/3) on the Bar Speaker.

2 Setting up the remote control

3 Turning on the system

- 1 Connect the AC power cords (mains leads).
- 2 Press the I/O (on/standby) button.  
The display lights up.  
Confirm that the on/standby indicator of the subwoofer is lit in green. When the indicator turns on, wireless connection of the Bar Speaker and the subwoofer is completed. If it does not turn on, the wireless transmission is not activated. Refer to "Subwoofer wireless sound" of "Troubleshooting" in the supplied Operating Instructions.

4 Listening to the sound

Press the INPUT button repeatedly until the desired input device is indicated on the display. Then, press the (volume) button to adjust the volume.

Setup completed! Enjoy! Please see the supplied Operating Instructions about the sound mode, and other functions. Operating Instructions

Listening to music from a BLUETOOTH device
