English Stereo headphones

- ① Multi-function button
- ② Microphone
- ③ If you install the Smart Key app* from Google Play store, the track and volume adjustment on your smartphone will be enabled with multi-function button.
 - * Smart Key is an application for Xperia™, Android™ OS 4.0 and above. The app may not be available in some countries and/or regions, and may not be used with unsupported smartphone models.

Compatible products
Use this unit with smartphones.

Notes

- If you connect to an unsupported smartphone, the microphone of this unit may not function, or the volume level may be low.
- This unit is not guaranteed to operate digital music players.

Using the Multi-function button^{*1}

Press once to answer the call, press again to end; press to play/pause a track.

Available operations for iPhone

Plays/pauses a track of the connected iPhone product with a single press. Skips to the next track with a double press. Skips to the previous track with a triple press. Starts the "VoiceOver"^{*2} feature with a long press (if available).

Hold down for about two seconds to reject an incoming call. When you let go, two low beeps confirm the call was rejected.

^{*1} The button function may vary depending on the smartphone.

^{*2} Availability of the "VoiceOver" feature depends on iPhone and its software version.
